THE PREPBRIDGE APPROACH

We start with the **individual student** — finding where the gaps are, then rebuilding understanding from the foundations up. Every lesson pairs clear explanation with **exam-style practice**, so students learn not only the content but how questions are marked and what examiners and interviewers actually reward. We make it easy to ask the small questions, because those are usually the ones that unlock real confidence.

TUTORING EXPERIENCE

Cambridge Interview Prep Tutor · Private Tuition 2025
One-to-one Cambridge interview preparation and practice, using mock interviews and targeted problem-solving drills to build the technical fluency and composure that admissions tutors look for.

Maths & Science Tutor · EduPlus Learning Centres UK 2023–2026
In-person GCSE & A-Level tutoring in Maths and the Sciences, setting and marking homework and preparing students for end-of-term exams to keep progress consistent across the year.

A-Level Chemistry Ambassador, Mentor & Tutor · Sir Henry Floyd Grammar School 2022–2023
Supported struggling A-Level Chemistry students as a school ambassador and mentor, providing targeted tuition to help them close gaps and build confidence in the subject.

RESULTS

- Got **two students into Cambridge Chemical Engineering & Biotechnology** through just 10 hours of interview prep each — one starting October 2027, the other October 2026.
- Took a GCSE student from a **grade 7 to a grade 9**, helping them unlock potential they hadn't realised they had.
- Took an A-Level student from a **grade B to an A*** through focused, exam-technique-led tutoring.
