

Roshaan

University of Cambridge Chemical Engineering & Biotechnology undergraduate. Specialist tutor in **Biology & Entrance Exam Prep** — with Maths, Further Maths, Physics and Chemistry mentoring.

SUBJECTS

Maths · Further Maths · Physics · Chemistry · Biology

LEVELS

A-Level · Entrance Exams · GCSE

BASED AT

University of Cambridge

APPROACH

We start with the **individual student** — finding where the gaps are, then rebuilding understanding from the foundations up. Every lesson pairs clear explanation with **exam-style practice**, so students learn not only the content but how questions are marked and what examiners and interviewers actually reward. We make it easy to ask the small questions, because those are usually the ones that unlock real confidence.

TUTORING EXPERIENCE

Academic Tutor — Maths & Science · GoStudent 2023–2024
One-to-one online tuition across GCSE and A-Level Maths and Science. I planned every lesson around the individual student, set and marked regular assessments and wrote detailed feedback reports so progress was always visible. By targeting the specific gaps behind each grade and drilling exam technique alongside content, all 20+ students I worked with finished above their target grades.

Peer & Small-Group Tutor · King Edward VI Five Ways 2020–2023
Group and one-to-one tutoring of students who were struggling in Maths and the Sciences, from GCSE through to A-Level, throughout my time at sixth form and secondary school. I broke intimidating topics into manageable steps, adapted my explanations to each learner’s pace, and kept every session focused on building genuine understanding as well as exam confidence — often turning a subject a student had written off into one of their stronger ones.

RESULTS

- Every student I tutored at GoStudent — **20+ learners** from GCSE to A-Level — finished **above their target grade**.
- Repeatedly helped students who had **fallen behind** in Maths and the Sciences rebuild the fundamentals and walk into exams with their confidence restored.

QUALIFICATIONS

University of Cambridge
BA & MEng, Chemical Engineering & Biotechnology · 2023–2027 · Part II: First Class

- A-Levels**
King Edward VI Five Ways
- A* Maths
 - A* Further Maths
 - A* Chemistry
 - A* Biology

GCSEs
Grade 9 across the STEM subjects — Maths, Further Maths, Physics, Chemistry & Biology.

ACHIEVEMENTS

- Top score in cohort, Cambridge Part I Mathematics (1st of 63)
- Oakley Prize for Further Mathematics
- Top 3% nationally in the UCAT (2022)

WHAT YOU GET

- Lessons built around the exact gaps holding you back
- Exam technique & mark-scheme insight for every question type
- Guidance on STEM university & Oxbridge applications
- UCAT preparation from a top-3% scorer, for medical & dental applicants
- A patient, encouraging approach if you’ve lost confidence

Beyond lessons: a guitar player and music enthusiast, with a keen interest in MMA.
