

Shiv

Cambridge Natural Sciences postgraduate. Specialist tutor in **Physics, Maths & Cambridge Physical Natural Science applications** — with Further Maths & Chemistry tutoring.

SUBJECTS

Maths · Further Maths · Physics · Chemistry

LEVELS

A-Level · GCSE · Oxbridge Prep

BASED AT

University of Cambridge

THE PREPBRIDGE APPROACH

We start with the **individual student** — finding where the gaps are, then rebuilding understanding from the foundations up. Every lesson pairs clear explanation with **exam-style practice**, so students learn not only the content but how questions are marked and what examiners and interviewers actually reward. We make it easy to ask the small questions, because those are usually the ones that unlock real confidence.

TUTORING EXPERIENCE

Maths Mentor · Beauchamp College 2022–2023
Mentored GCSE students in Maths, running small-group sessions to reinforce classroom content, build exam technique and boost confidence ahead of assessments.

Private Tutor · Online 2023–Present
One-to-one online Maths, Further Maths, Physics & Chemistry lessons for GCSE and A-Level students, with lesson plans tailored to each student's gaps and regular progress tracking.

Summer Intern · Chetty & Patel Solicitors Aug–Sep 2024
Liaised daily with clients and counterparties across live property transactions — sharpening the clear, patient communication under pressure that is essential for teaching.

RESULTS

- Supported a cohort of GCSE Maths students through targeted mentoring at Beauchamp College, helping several move up from a **grade 5 to a 7–9** ahead of their final exams.
- Built strong **client-facing communication skills** during an internship, now channelled into clear, patient explanations that keep students on track under pressure.

QUALIFICATIONS

University of Cambridge
BA (Hons), Natural Sciences · 2023–2026 · Upper Second Class Obtained
MSci, Physics · 2026–2027 · Upper Second Class Expected

- A-Levels**
Beauchamp College, Leicester
- A* Maths
 - A* Further Maths
 - A* Physics
 - A* Chemistry
